United States Patent and Trademark Office

Reg. No. 8,387,041

Registered Aug. 11, 2026

Int. Cl.: 7, 9, 37, 40, 42

Service Mark

Trademark

Principal Register

TOYO INNOVEX Co., Ltd. (JAPAN CORPORATION)

523-1, Aza Nishinoyama, Fukusato,
Futamicho, Akashi-shi Hyogo 674-0091
JAPAN

CLASS 7: Metalworking machines and machine tools; parts and accessories of metalworking machines and tools namely, structural parts for metalworking machines; power operated metalworking machine tools in the nature of drilling tools, boring tools, milling tools, and turning tools; tool bits for metalworking machines; die casting machines; parts and accessories of die casting machines namely, structural parts for die casting machines; accessories for die casting machines, namely, die-casting tools in the nature of molding presses being machine parts for dies and molds, automatic pouring machines, automatic sprayers, automatic diluters, automatic extractors, and trimming machines; injection molding machines; parts and accessories of injection molding machines namely, structural parts for injection molding machines; accessories for injection molding machines, namely, vacuum venting systems for barrels, nitrogen gas supply control systems, screws, nozzles, check heads, namely, screw heads, check rings, namely, non-return valves, and check seats, namely, seat rings; plastic injection molding machines; parts and accessories of plastic injection molding machines namely, structural parts for plastic injection molding machines; plastic processing machines and apparatus; parts and accessories of plastic processing machines and apparatus namely, structural parts for plastic processing machines; accessories for plastic processing machines,

**UNITED STATES
PATENT AND TRADEMARK OFFICE**

Celebrating 250 years of life, liberty, and the pursuit of innovation

DIRECTOR OF THE UNITED STATES
PATENT AND TRADEMARK OFFICE

namely, vacuum venting systems for barrels, nitrogen gas supply control systems, screws, nozzles, check heads, namely, screw heads, check rings, namely, non-return valves, and check seats, namely, seat rings

CLASS 9: Downloadable and recorded computer software for use in database management, use in electronic storage of data, and use in production management; downloadable computer software for remote monitoring and analysis; computer operating programs, recorded for use in database management, use in electronic storage of data, and use in production management; recorded computer operating programs for use in database management, use in electronic storage of data, and use in production management; downloadable computer programs for use in database management, use in electronic storage of data, and use in production management; measuring and testing machines and instruments namely, coordinate measuring machines, level measuring machines, textile testing machines, and lumber testing machines; remote control telemetering machines and instruments; personal digital assistants; telecommunication devices, apparatus and instruments; parts and accessories for telecommunication devices, apparatus and instruments namely, structural parts for telecommunication devices; accessories for telecommunication machines and apparatus being telephones, namely, telephone answering machines, touch panels, and housings; electronic data processing machines, apparatus and their parts namely, electric power distribution machines and computers; facsimile apparatus and structural parts therefor; electronic control apparatus for machines

CLASS 37: Repair and maintenance of metalworking machines and tools; providing information relating to the repair or maintenance of metalworking machines and tools; repair and maintenance of injection molding machines; providing information relating to the repair or maintenance of injection molding machines; repair and maintenance of metal die casting machines and apparatus; providing information relating to the repair or maintenance of metal die casting machines and apparatus; repair and maintenance of plastic processing machines and apparatus; providing information relating to the repair or maintenance of plastic processing machines and apparatus; providing information relating to the repair or maintenance of measuring and testing machines and instruments; repair and maintenance of measuring and testing machines and instruments; repair and maintenance of electronic machines and apparatus; providing information relating to the repair or maintenance of electronic machines and apparatus

CLASS 40: Rental of metal treating machines and tools; providing information relating to the rental of metal treating machines and tools

CLASS 42: Calibration services; consultation services relating to calibration services; computer software design, computer programming, and maintenance of computer software; computer software design; design, development, hosting, installing, updating, and maintenance of computer software; consultation services relating to design, development, hosting, installing, updating, and maintenance of computer software; designing of machines, apparatus, instruments, including their parts, and systems composed of such machines, apparatus and instruments; technological advice relating to industrial machines

The mark consists of the stylized letter "T" in dark blue with a light blue square positioned at the upper right.

PRIORITY DATE OF 09-06-2024 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1871434 DATED 03-06-2025, EXPIRES 03-06-2035
